

Dear AAPPS-DPP members

Happy new year!

I hope you a very bright and prosperous new year 2019.

As you may realized, RMPP is already closed for subscription.

Without making token access or your university/institute has access, RMPP is not accessible.

The first paper 2019 by Y. Todo "Introduction to the interaction between energetic particles and Alfvén eigenmodes in toroidal plasmas" is on-line.

Please use your token and download that paper.

More papers will follow.

Sincerely yours,

M. Kikuchi
