Dear AAPPS-DPP members,

I had a meeting with RMPP editor in Springer-Nature Tokyo, yesterday.

1. RMPP cite score by Scopus will be released early June. Tentative value is 5.8.  
Among 107 journals in Physics and Astronomy, RMPP may rank 13-th.  
WoS IF will be released next year.
2. Sony Women in Technology Award with Nature is introduced at the reception.  
I hope Women in Applied plasma physics may consider to apply.
