1. Support from member societies and AAPPS
 - Ex. Press release support (we only did in Japan. Why not in all member societies.)
 - Ex. 1\$ campaign proposal by Prof. Yokoyama
Council may judge annual report of division and distribute funds.
 - Ex. Support for foundation of journal.
DPP is currently working on foundation of DPP journal.
If AAPPS create basis for the journal, DPP can utilize that system.
 - Member : AAPPS member societies to encourage more to join DPP.
