Handling precautions [Not for distribution]

On-line AAPPS-DPP2020 will be held as remote on-line conference due to COVID-19.

2020.10.26 (Monday) – 2020.10.31 (Saturday)

0. Role of Chair and Vice-chair

The session is managed mainly by a Chair. A Vice-chair should be ready to chair the session in case trouble(s) happens, such as the Chair's bad internet connection. Also please advise chair if chair skipped an important step. Please help chair for promotion of scientific discussion as well as looking at any person(s) causing offensive behavior.

I forgot my DPP member ID . How can I get it?	Ask DPP secretary Yong Liu < aapps.dpp@gmail.com > to get it.
Where is the entrance of My Page ?	https://www.gakkai-web.net/p/aappsdpdp_reg/weblogin2.php
I forgot registration number and passcode for log-in to My Page . How can I get it?	You got registration number and passcode by e-mail from the system when you registered. Check your e-mail .
I cannot find Poster Session on the Program. How can I join the Poster Session ?	Visit " Note on Poster Session " page.
How can I ask questions to presenter in the Poster Session ?	Visit " Q & A for Poster Session "
Can I practice my Presentation ?	Yes , you can. Visit Here .
If I feel my presentation doesn't go smoothly because of the network problem , what should I do ?	There are cases where you have to deal with it in advance, and there are cases where it becomes impossible during the lecture. Please refer to pages 1 and 2 of the manual as the correspondence is different for each.
I am a speaker. By when should I enter the room?	Please make sure to enter the meeting room at least 20 minutes prior to the starting time . Refer to pages 8 of the manual .
Procedure after entering the ZOOM Room seems something complicated.	Here , you can find it.

2020 S. Chandrasekhar Prize of Plasma Physics

Hyeon Park
UNIST

Citation: Through his original and pioneering works in fusion plasma diagnostics, the electron cyclotron emission imaging (ECEI) and microwave imaging reflectometry enabled to visualize magnetohydrodynamic instabilities and turbulent fluctuations with unprecedented high-resolution, leading to rich discoveries of novel plasma physics phenomena, for example, in the sawtooth crash process and the edge localized mode events. The plasma physics research assisted by the advanced imaging diagnostics enhanced the synergies with numerical modeling and theories, and elevated fusion plasma research program in Korea. Nowadays the ECEI system is a standard research tool in majority of toroidal devices.

2020 AAPPS-DPP Plasma Innovation Prize

Masaru Hori
Nagoya University

Citation: For his outstanding contributions to diverse range of applied and fundamental plasma science and technology using low-temperature plasmas, in particular, for the carbon film mask technology development for plasma etching for semiconductor manufacturing technologies; for invention and commercialization of ultra-compact atomic radicals measurement equipment and high-density radical source for radical controlled plasma processing and synthesis for functionalized materials; and for discoveries related to the use of plasma activated medium/lactic in plasma medicine for selective killing of various cancer cells

2021 Fiscal Year Work plan of AAPPS-DPP

1. Preparation of AAPPS-DPP2021 in Fukuoka, Japan,
2. Continued publication of RMPP articles,
3. Selection of DPP prizes and awards,
4. Information dissemination to DPP members via DPP Web and mailing service,
5. Other activities as appropriate.
