

Dear AAPPS-DPP Members

As I introduced during my Evening Talk at Kanazawa, we were working to formalize our Division of Plasma Physics from Voluntary Organization to Legal Entity.

At the ExCo meeting in Kanazawa, this change was decided and I have submitted necessary document to the authority.

As of Nov. 28, AAPPS-DPP becomes AAPPS-DPP Association Inc. (一般社団法人) located at Mito, Japan.

Most of Japanese Physical societies such as JPS and JSAP are Association Inc. (一般社団法人).

With this change, AAPPS-DPP can have formal Bank Account and can make contract with company etc.

Before this change, chair must bear all responsibility in case of any financial risk.

The responsibility is now belong to this legal personality AAPPS-DPP Association Inc.

If I do not hear any message from you, we assume you will stay as DPP member.

We will send you RMPP access Token (password) with your re-confirmed DPP ID number.

AAPPS-DPP's official journal RMPP will be closed access for subscription from January 2019 but

DPP member has free access using this token.

Sincerely yours,

M. Kikuchi, AAPPS-DPP chair
