件名: Request to Advertise two Research Fellow positions in fusion plasma diagnostics

Dear Prof Kikuchi

May I request you to please advertise 2 Research Fellow (RF) jobs on fusion diagnostics that we have in Nanyang Technological University, Singapore to AAPPS-DPP members. The 2 RFs will be working with Prof Stuart Springham and myself. Further below are links for the Job Advertisements for Research Fellows for experimental work related to NTU's Gamma-Ray Spectroscopy diagnostic on WEST tokamak in France. This is part of NTU's larger research project on Fusion Science for Clean Energy.

One of the positions is intended to be a Senior Research Fellow (SRF) and the other to be simply Research Fellow (RF). The RF will be more involved with the Plasma Focus work (and partly involved with WEST Gamma-Ray Spectroscopy), while the SRF will work entirely on the GRS diagnostic. Greater details about the project and job scopes are in the links below.

For some reason NIE (the part of NTU I am in) does not officially use the SRF title. Hence, they are both advertised as Research Fellows here:

<https://ntu.wd3.myworkdayjobs.com/Careers/job/NTU-Main-Campus-Singapore/Research-Fellow--Natural-Sciences-and-Science-Education-Academic-Group--NIE-R00014860>

and below is an outside-of-NTU link:

<https://www.mycareersfuture.gov.sg/job/education-training/research-fellow-nanyang-technological-university-55a9fcb61065aaabffc52739c5778f63?source=MCF&event=RecommendedJobJD>

Thanks a lot for your help in advance.

Best regards

Rajdeep

Professor Rajdeep Singh RAWAT

Head, Natural Sciences and Science Education
