

Dear AAPPS-DPP members,

AAPPS-DPP2023 Plenary speaker Prof. Huirong Yan informed me 3-year Postdoc fellowship in plasma astrophysics at the University of Potsdam.

Apply if interested.

Regards,

M. Kikuchi, CEO

Dear Kikuchi-san,

I wish to thank you for the wonderful conference at Port Messe-Nagoya, it has been a very pleasant experience for me. Appreciate also your efforts in keeping the platform for regular updates and exchanges.

May I take the opportunity to ask you to circulate the following ads for a 3-year postdoc in Plasma Astrophysics at University of Potsdam? Thanks a lot for help.

The Institute for Physics and Astronomy at the University of Potsdam invites applications for the following position limited to three years with a possibility for extension. The starting date is around September 1, 2024.

The Applicant is expected to work on topics in the field of plasma astrophysics. This position in plasma astrophysics group is made available due to the joint position that Prof. Huirong Yan holds at University of Potsdam and DESY. Strong tie with DESY (Deutsche Elektronen-Synchrotron) therefore is expected.

The Institute for Physics & Astronomy at the University of Potsdam supports a broad range of research in observational and theoretical astrophysics. It has close links with the neighboring Leibniz-Institute für Astrophysik (AIP) and Albert Einstein Institute in addition to DESY, one of the world's leading research centres for particle and astroparticle physics.

Qualifications:

PhD in Physics or Astronomy is required

Applicants with expertise on plasma astrophysics, MHD and PIC simulations, interstellar and interplanetary turbulence, magnetism are particularly encouraged to apply.

Besides, social skills are expected too.

The University of Potsdam values the diversity of its community and pursues the goals of equal opportunity regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age, and sexual orientation and identity.

Application documents include a CV, a 3-4 page research statement, a list of publications, and the contact info of at least 3 references. The application should be sent by email to ines.tietgen@uni-potsdam.de with the Job ID no. 413/2023 by January 08, 2024.

Best regards,

Huirong

Huirong Yan

Professorin für Plasma Astrophysik
