

January 12, 2024

Dear AAPPS-DPP members c.c. Stefano, Dr Nakajima (RMPP Editor),

PPCF (Plasma Physics and Controlled Fusion) launched PPCF-Outstanding-Paper-Prize, from this year.

Stefano Coda asked me to distribute AAPPS-DPP member below.

Interestingly they have similar structure of Nuclear Fusion Prize (winner and top 10) but circulating different disciplines.

Nuclear Fusion Prize was created by my proposal to IAEA when I became Chairman of Nuclear Fusion Board of Editors in 2005.

DPP's official journal RMPP doesn't have this kind at this moment while we discussed it at RMPP-BoE at AAPPS-DPP2023 in Port Messe. Maybe in a few years to strength our journal.

Sincerely yours,

M. Kikuchi, CEO

Dear colleagues,

I would like to advertise a new prize initiated by PPCF for the most outstanding paper published in PPCF during 2020 and 2021:

<https://iopscience.iop.org/journal/0741-3335/page/PPCF-Outstanding-Paper-Prize>

The winner and top 10 nominations will be announced at the 2024 EPS conference. We are inviting your suggestions for the most outstanding paper here (before the end of January):

<https://forms.office.com/pages/responsepage.aspx?id=5kLu-dC6Y06RFfcE-czO7SOrEsle275Co-WpiNGIv-JUNIVWREs2R1AwNkhYMzRTVIAwSDRGV1I3Si4u>

Jointly with EPS we are also initiating an Early Career Prize. Details to follow, likely by the EPS scientific committee.

With best regards

Stefano Coda

on behalf of the PPCF Editorial Board
