

April 15, 2024

Dear colleagues,

The due date of application for a faculty position in plasma physics at UNIST has been extended to Apr. 29 (Monday), 2024. Please see the below.

Physics Department, Ulsan National Institute of Science & Technology (UNIST), is open to experimental physicists in laser-plasma and beam-plasma physics and all ranks (assistant, associate, & full professors)

Preference will be given to candidates with the following expertise:

- Plasma physics background
- Experiments of plasma-based optics or laser-plasma for pulse compression, advanced accelerators, FEL, light sources (THz, X-ray, gamma-ray), and relevant lab-astrophysics
- Participants of laser-plasma-based or accelerator-based big science projects
- Assistant professor level

The new due date of application is Apr. 29 2024. For the details, please see

<https://invite.unist.ac.kr/2024-the-2nd-unist-faculty-invitationdepartment-of-physics/>

Many thanks

Best,

Prof. MinSup Hur,  
Physics department, UNIST
