

June 3, 2025

Dear AAPPS-DPP members,

Thank you for your cooperation in AAPPS-DPP.

AAPPS-DPP2025 has over 900 presenters.

Plenary, Invited, oral, poster presenter lists(tentative) are uploaded in <https://www.aappsdpp.org/DPP2025/html/3contents/overview.html>

We allow poster presentation in addition to Plenary, Invited, oral talks.

Poster list does not include those presentations, yet.

Except plenary, those are shown as tentative program in CD, F, B1, B2, A1, A2, L1, L2, SG, SA, MF1, MF2, and satellite meetings. Some satellites are included in L1 and L2 program.

Thus, AAPPS-DPP2025 will be largest annual conference compared with past one.

You will find interesting talks in your sub-discipline of plasma physics.

We still welcome post-deadline abstract submission at <https://www.gakkai-web.net/aappsdpp/index.html>

Sincerely yours,

M. Kikuchi, AAPPS-DPP CEO
