

March 13, 2026

Dear AAPPS-DPP members,

Our DPP member Yunfeng Liang-san informed us following meeting.

If you are interested, please contact

Sincerely yours,

M. Kikuchi, CEO

Dear Kikuchi-sensei,

On behalf of Dr. Martin Peng and the Scientific Committee of the 4th International Symposium on Proton-Boron Fusion and Applications, I would like to solicit your assistance in distributing this first announcement to the AAPPS-DPP members. We encourage their participation in the Symposium.

This Symposium will be held in Beijing, China, from July 20 to 24 this year. Its main topics are:

1. Proton-Boron Nuclear Physics
2. Proton-Boron Plasma Physics
3. Diagnostics of Proton-Boron Plasmas
4. Technologies and Materials for Proton-Boron Fusion
5. Innovation and Application

The symposium will feature invited and contributed talks (oral and poster) alongside discussion sessions. A Scientific Committee will organize the selection of presentations and technical sessions. The working language of the symposium will be English.

Abstract submission deadline: May 30, 2026

Notification of acceptance: June 10, 2026

On-site registration: July 20, 2026

For more details, please download pdf.
