The Author(s) hereby transfer to the Japan Society of Plasma Science and Fusion Research(JSPF) full ownership throughout the world of all rights, titles, and interests, including all copyrights and renewals and extensions thereof, in and to the above-titled article and including the title and abstract of the article, effective as of date of acceptance of this article for publication in the Plasma and Fusion Research. JSPF shall have the right to register copyright to the article and the accompanying abstract in its name as claimant, whether separately or as part of the journal issue or other medium in which such work is included.

The Author(s) hereby agree that JSPF may edit or otherwise change the work, its title and abstract. The Author(s) also hereby agree that JSPF may use his/her name, photo, or likeness in connection with promoting or advertising the work and any adaptation thereof, in the journal or other medium in which such work is included.

The Author(s) warrant and represent that Author(s) are the sole Author(s) and sole proprietor(s) of all rights, in both written

and electronic form, in and to any portion of the aforementioned work; that Author(s) have not previously assigned, pledged, or otherwise encumbered the work; that the work is original and not in the public domain; that it has not been previously submitted for publication or published elsewhere; that it does not violate or infringe on any personal or property rights of others, whether common law or statutory; that it contains nothing libelous or contrary to law; and that the party signing this Agreement has full power to enter into this Agreement. In the event that the undersigned is the Agent or Author(s), the Agent warrants that she/he has been authorized by the Author(s) to execute this Agreement.

The Author(s) shall indemnify and hold JSPF harmless from any and all loss, damage, and/or expense, including reasonable attorneys' fees, that JSPF may suffer or incur by reason of any claim or the defense of any claim arising from the breach or alleged breach of these representations and warranties.

Author(s) acceptance of this Agreement will also constitute Author(s) agreement that the article contains no material from other copyrighted or unpublished works that has been used without the written consent of the copyright owner and/or of the owner of any other rights to or in such other works and that Author(s) will obtain any such written consent as may be required and will deliver the consent to JSPF.

JSPF grants to the Author(s) (or their employers, in the case of works made for hire) the following rights:

- (a) The right to post the published version of this article without any modification on their own personal website, on their employer's website/repository;
- (b) The right to use all or part of this article in future works of their own but agree not to reprint this article in any other journal or similar publication;
- (c) The right to direct JSPF to grant permission to third parties to republish all or part of the article or translations thereof, provided, however, that without any limitation whatever on such right, JSPF shall be entitled, at its option, to negotiate and to receive reasonable royalties in respect of any such republication;
- (d) The right to refuse permission to third parties to republish all or part of the article or translations thereof. JSPF may grant rights with respect to journal issues as a whole;
- (e) If the article has been prepared by an employee within the scope of his or her employment or as a work made for hire, the right to make copies of the work for the employer's internal use.
